DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-10, drawn to a composite dual core-spun yarn and generic fabric, classified in class 57, subclass 211.
 - II. Claims 11-23, drawn to a process and apparatus for creating a yarn, classified in class 57, subclass 6.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as apparatus and product made. The inventions in this relationship are distinct if either or both of the following can be shown: (1) that the apparatus as claimed is not an obvious apparatus for making the product and the apparatus can be used for making a different product or (2) that the product as claimed can be made by another and materially different apparatus (MPEP § 806.05(g)). In this case the product of Group I could be made by a myriad of apparatus/methods, including forming two core spun yarns separately, applying a torque in a first direction, and then combining them with an equal torque in the opposite direction. Likewise, the apparatus/method of Group II could be used to create a yarn differing from that of Group I, including one having a core constituting less than 10 wt% of the yarn
3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for Group II, restriction for examination purposes as indicated is proper.

Art Unit: 3765

4. A telephone call was made to John E Griffiths on 30 March 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shaun R Hurley whose telephone number is (571) 272-4986. The examiner can normally be reached on Mon - Fri, 6:30 am - 3:00 pm, off second Friday.
